

**November 8, 2011**

**There are NO Grower Seminars this week!**

The recent notices, advising of meeting dates and times, in the *Newsline* and *CAC Greensheet* were in error. Please spread the word that there are no grower meetings this week! A few growers showed up at the SLO location today at 1pm and we want to make sure to get the word out before anyone shows up in Ventura or Temecula.

There is, however, a seminar sponsored by Index Fresh next week – see below.

These seminars have been organized by Index Fresh, Inc. Please RSVP by calling Susan Soto – 909-877-1577
