

FREE GARDEN CONSULTATIONS!

– Reduce Your Garden Water Use –

Our water-wise team of certified University of California Master Gardeners can visit your home free of charge and show you how to use less water and reduce your water bills. Consultations, scheduled for mornings or evenings at your convenience, are customized to your priorities and include:

- making your irrigation more efficient and effective
- how to discover water leaks
- list of water-wise plants that do well in our area
- optimal placement and other tips for healthy plants
- catching and storing rainwater
- utilizing household greywater in your landscape
- find resources & regulations for greywater use

To schedule a free consultation, contact Louisa at midnite@pacific.net or leave a message at 707-463-6360.

Master Gardener is a program of the University of California Cooperative Extension, UC Department of Agriculture and Natural Resources.
