

Cover Crops Workshop

Tuesday, March 12th, 2019

Time: 10AM-1PM

*Lunch
Included!*

Join us for lunch and a short presentation to learn everything you need to know about cover crops! You'll hear from a wide range of experts who will share with you:

- A basic introduction to cover crops
- Cover crop varieties
- Using cover crops to improve soils
- How a cover crop can increase beneficial insects
- How to manage a cover crop for desired results

Location: Modesto Junior College,
West Campus

By the Horse Unit on Student Center Drive,
Modesto, CA

Support from Modesto Junior College, Kamprath Seed, East Stanislaus Resource Conservation District and Natural Resources Conservation District. For more information, contact Jeff Borum at (951)790-8639 or by email at soilhealth@eaststanrcd.org
