

Chili Tomato Beefy Macaroni

Makes: 4 servings (1 cup per serving)

Preparation Time: 10 minutes

Cooking Time: 25 to 30 minutes

Ingredients

¾ pound ground beef

1 ½ cups water

1 cup uncooked macaroni

1 (15 ounce) can diced tomatoes, not drained

2 teaspoons chili powder (optional)

½ cup *Eating Smart Seasoning Mix* from the *Eating Smart • Being Active Let's Cook! cookbook**

Salt, to taste

2 ounces cheddar cheese, shredded (½ cup shredded)

Directions

1. Collect, shred, and measure all ingredients before starting to prepare the recipe.
2. Brown ground beef over medium heat in a large skillet. Remove the skillet from the heat. Remove excess fat by pushing the beef to one side, then tilting the skillet in the opposite direction so the liquid fat pools away from the beef. Use a large spoon to remove the liquid fat from the pan. Discard the fat in the trash can.
3. Put the skillet back on the heat. Add water, macaroni, tomatoes, chili powder (if using), and seasoning mix to the skillet, and combine with the beef.
4. Bring to a boil, then reduce heat to low, cover, and simmer for approximately 20 minutes or until macaroni is tender.
5. Taste, and add a small amount of salt if desired.
6. Top with shredded cheddar cheese. Put the lid back on for 1 minute until the cheese is melted.
7. Refrigerate leftovers within 2 hours. Eat within 3 to 5 days.

* This *Eating Smart Seasoning Mix* is used in two recipes in the *Eating Smart • Being Active Let's Cook! cookbook*. Store any leftover mix in a sealable plastic bag or container in a cabinet with other spices until ready to use.

Be creative! Try using whole grain pasta. Add chopped vegetables such as green pepper or onion in step #3.

Preparación

8. Reunir, rallar y medir todos los ingredientes antes de comenzar a preparar la receta.
9. Dorar la carne molida en una sartén grande a fuego mediano. Retirar la sartén del fuego. Escurrir el exceso de grasa haciendo a un costado la carne e inclinando la sartén para escurrir la grasa en el lado opuesto. Retirar la grasa con una cuchara grande. Desechar la grasa en el bote de basura.
10. Volver a colocar la sartén sobre el fuego. Agregar el agua, los macarrones, los tomates, el chile en polvo (si va a usar) y el sazonador a la sartén. Mezclar con la carne.
11. Dejar hervir. Luego disminuir el fuego, tapar la sartén y seguir cocinando aproximadamente 20 minutos o hasta que los macarrones estén tiernos.
12. Probar, agregar una pequeña cantidad de sal si es necesario.
13. Cubrir con queso cheddar rallado. Volver a tapar la sartén durante 1 minuto hasta que se derrita el queso.
14. Refrigerar las sobras dentro de las 2 horas. Consumir dentro de los siguientes 3 a 5 días.

* El Sazonador *Coma bien* se utiliza en dos recetas del libro de cocina ¡A cocinar! del programa *Coma bien • Manténgase activo*. Guardar las sobras del sazonador en una bolsa plástica hermética o en un envase en la alacena junto con otros condimentos hasta volver a usar.

¡Sea creativo! Pruebe con pasta integral. Agregue vegetales picados como pimiento verde o cebolla en el paso #3.
