MONTEREY COUNTY 4-H COUNCIL

Scholarships Offered
Names and contacts of special guests
Special staff (Nurses, lifeguards, cooks, etc.)
Photos of layout, items or event
Original committee description printed

What your club would do differently next time. Describe in detail what would be done differently and why:

THIS WAS A VERY DIFFERENT EVENT THAN ANY OTHER THAT WE HAVE BEEN A PART OF. WITH ALL OF IT BEING CONDUCTED VIA ZOOM. THESE EVENTS ARE BETTER RECEIVED IN PERSON. AS A COMMITTEE, WE DID THE BEST WE COULD TO MAKE A GREAT EVENT FOR MONTEREY COUNTY 4H. FOR OUR SPECIFIC EVENT I WOULD TRY TO RUN THE VIDEOS WITHOUT USING POWER POINT. IT MADE THEM A LITTLE "GLITCHY". SEVERAL KIDS ON THE ZOOM SAID THAT.

Turn into the 4-H offices or the Council's Vice President

Mo. Co leaders Council Committee wrap up form 2020-2021

CONVENIENT COMMITTEE CHAIR
CHECKLIST

PLEASE USE THIS CHECKLIST TO ENSURE THE COMPLETION OF ALL YOUR RESPONSIBILITIES AS A COMMITTEE YOUTH CHAIR. THIS POSTION QUIALIFIES YOU AS A MONTEREY COUNTY COUNCIL SCHOLARSHIP RECEPIENT. IF YOU HAVE ANY QUESTIONS, PROBLEMS, COMMENTS, OR IDEAS, PLEASE CONTACT THE COUNCIL VICE PRESIDENT RIGHT AWAY.

- ☑ Coordinate with Parent Advisor(s) to plan event (in person or on phone)

- ☑ Set a date of at least one planning meeting that the chair attends and runs

- ☑ Write and submit a club newsnotes article prior to the event to Reporter

- ☑ Give a report <u>before</u> the event at the Council meeting

- ☑ Give a report <u>after</u> the event at the Council meeting

- ☑ Give reminder phone calls or emails to all committee members or attendees prior to the planning meeting and event

- ☑ Attend the event you planned

- ☑ Record committee member's attendance

- ☑ Take photos of event for the club scrapbook and gave copies to Council
  ONLINE - NOT ALLOWED

- ☑ Submit any receipts to the Council Treasurer within a month of event NONE

OUR COUNCIL BUDGET WAS $ 300. 00 .

Turn this completed form in to the Council Vice President

AS THE COMMITTEE CHAIR, IT IS IMPORTANT THAT YOU PLAN AND ATTEND ALL MEETINGS RELATED TO YOUR EVENT. IF YOU CANNOT COMPLETE YOUR RESPONSIBILITIES AS LISTED ABOVE YOU ARE REQUIRED TO FIND A REPLACEMENT. ANY QUESTIONS? SEE COUNCIL VICE PRESIDENT.

RETURN THIS 3C CHECKLIST TO VICE PRESIDENT BY: _____

🍀2021 Chualar 4-H 🍀

Fantastic Field Day Livestock Judging

Contest

Youth Chairs: Brayden McVay, Haylee McVay, Bella Nassiri
Adult Chairs: Dirk Giannini, Jennifer McVay

Supplies:
Host Club:

- Event will be held on Zoom for 2021 due to Covid Restrictions

Livestock Judging Committee: Adult and Youth Chair

- <u>Plus at least</u> 3 adults and 2 Youth
- Judging Cards – send to Melinda Luna to convert to Google Form
- Video – Classes https://www.livestockjudging.com/ Membership Cost is $200 a year. Fee was not charged for 2021
- Copy of class official judging with reasons downloaded from livestockjudging.com
- Answer Keys – also to be sent to Melinda Luna for tabulation purposes
- Scripts for kids – split into 3 parts for each chair

Videos for the classes:

- https://www.livestockjudging.com/
- Membership Cost is $200 a year (not charged
- Go through the videos to find classes and try to find classes that seem easy but difficult enough (classes found on this site are not easy classes, most are from National Competitions)
- Make sure the videos are recent so that trends are up to date. Try to not use the free videos from the site. Just in case kids used them to practice.
- Create Power Point or Google Slide presentation & add videos to slides to be played on Zoom.
- Site has the scoring for each class, the class cuts, the judges scoring cards and a set of reasons. We only used the version where all 4 animals were tiled together instead of doing 15 to 30 seconds of each animal and then all 4 tiled.
- Each video was only about 1 1/2 to 2 min long but we played them on repeat 3 or 4 times and then asked the kids if they wanted an extra repeat. We did not have any repeat requests. This made the competition go faster so we had time to go over each class and read the reasons to the members and also to share some fun facts on the 4 animals we chose.
- Our youth committee did not compete in this competition as they had to view the videos & reports prior to the event.

Day of Event timeline:

Host Club: (confirm that this is happening by them or who)
- Room set up/tear down-chairs

8:45 Committee to Zoom to ensure all is working
- Go over the event with committee and confirm duties
- Open up Power Point & Vidoes in the browser so that they are qued to be used. Do not share screen until all are in Zoom & prepared to participate.

One Youth committee member will explain how the livestock judging competition will work. (See attached script)

9:15-10:15 Livestock Judging Session
- 1- 60 minute session
- 4 classes - 5 minutes each
- Each class is worth 50 points = 200 points
- Have youth committee member(s) explain what's going to happen (see attached script)
- Review the Score Card with participants and re-iterate the specific animal numbering multiple times throughout the presentation.
- One Adult to run Power Point due to the uncertainty of internet connection for the event.
- Upon completion of all 4 classes
  - Announce that the Google Form will be closed.
- Assisting Adult will close out form.
- **Results and Learning-** As time allows
  - Replay each class
  - Give the official placing
  - Explain the cuts
  - Read the reasons
  - Discuss key points to judging livestock (classes are worth 50 points, how the cuts are deducted, etc.)

10:10 when finished, Club in charge will move on to next event..

Tabulations:

Forward score values to Melinda Luna to put in Google Form for easy tabulation.

Organize scores into groups
1. Competition and not to be judged
2. Age groups

Scores to be reviewed with Lorin & Melinda.

Wrap up can be done before or after bringing cards to tabulations.
- What worked?
- What can we do better?
- How were the scoring results? Classes too hard? Too easy? Scoring age appropriate?
- Evaluate the number of each seal achieved.
- Any changes?

2021 Chualar 4-H

Fantastic Field Day Livestock Judging Contest

Youth Chairs: Brayden McVay, Haylee McVay, Bella Nassiri
Adult Chairs: Dirk Giannini, Jennifer McVay

Youth Member Scripts:

Brayden:

Hello, my name is Brayden McVay and a member of Chualar 4-H. We are hosting livestock judging today. When you come to the zoom, the score card will be linked for you. You will watch 4 videos, swine, sheep, goats, and steers. You will place them in the order you think they should be placed. After all judging cards have been submitted, we will give the official placings of the classes and if time permits our team will give reasons for each class. Our adult leaders will explain more when you come to our rotation. Thank you for joining us.

Haylee:

Hello welcome to livestock judging hosted by Chualar 4-H. My name is Haylee and I am going to explain to you how this rotation will work. First thing, can everyone access the score card?

This is very important...At the top of the form please make sure you put your full name, age, and club. *(Wait a second for everyone to do this)*

Also, grab a pen and paper so you can take notes on the animals as you watch the videos!

Bella:

You are going to watch 4 different videos, one for swine, sheep, goats and steers. In each video there are 4 animals that you will place in the order you think they should be placed. If you watch the videos and think they should be placed 3, 4, 1, 2 you will choose the option for that order. The videos will roll through 4 times. If after the 4th one if you would like to see it one more time please raise your hand. They are quick videos, so we want to make sure everyone has a fair chance to evaluate the animals.

We ask that you stay quiet and do not talk to your neighbors or have parent help as this is a contest. If you have a cell phone, please do not use it during the contest. We would like to make sure this is fair to everyone.

Ok is everyone ready?

FUN FACTS

Pigs can't sweat. **Brayden after Pig Videos**

"Sweating like a pig" is another misleading commonly used phrase since pigs can't sweat! Pigs don't have many sweat glands, so they roll around and sleep in mud and swim in water to keep cool. A bonus to rolling in mud: it helps keep a pig's skin from getting sunburned.

Sheep remember their friends. **Haylee after Sheep Videos**

Sheep can recognize up to 50 other sheep faces and remember them for two years. However, sheared sheep don't recognize each other and may fight for a few days to re-establish hierarchy. They can also recognize human faces.

Goats get depressed **Bella after Goat Videos**

Goats are herd animals and will become depressed if kept without any goat companions. So it is unhealthy for a goat if a family just owns one as a pet

Cows have BIG stomachs **Brayden after Steer Videos**

The main stomach of a cow, the rumen, holds up to 50 gallons of food that has been partially digested. To put that in perspective, a bathtub can usually hold 30-50 gallons of water. A cow will consume about 40 pounds of food in a day.

Pigs are smarter than your dog. **Bella if we have time at the end**

It's true! Pigs have the intelligence of a human toddler and are ranked as the fifth most intelligent animal in the world! In fact, pigs are more intelligent and trainable than any breed of dog. They learn their names in just two weeks and come when they're called. Pigs are even capable of playing video games better than some primates.

Sheep, like goats, have rectangular pupils **Brayden if we have time at the end**

Their rectangular pupils allow them to have a 270 to 320 degree field of vision. This means that they can see almost everything around them, except for what's directly behind them, without having to turn their heads. This is especially useful for sheep as they are a prey species and need to always be on watch for predators.

Goats are climbers **Haylee if we have time at the end**

Goats, being mountain animals, are very good at climbing; they have been known to climb to the tops of trees, or even dams!
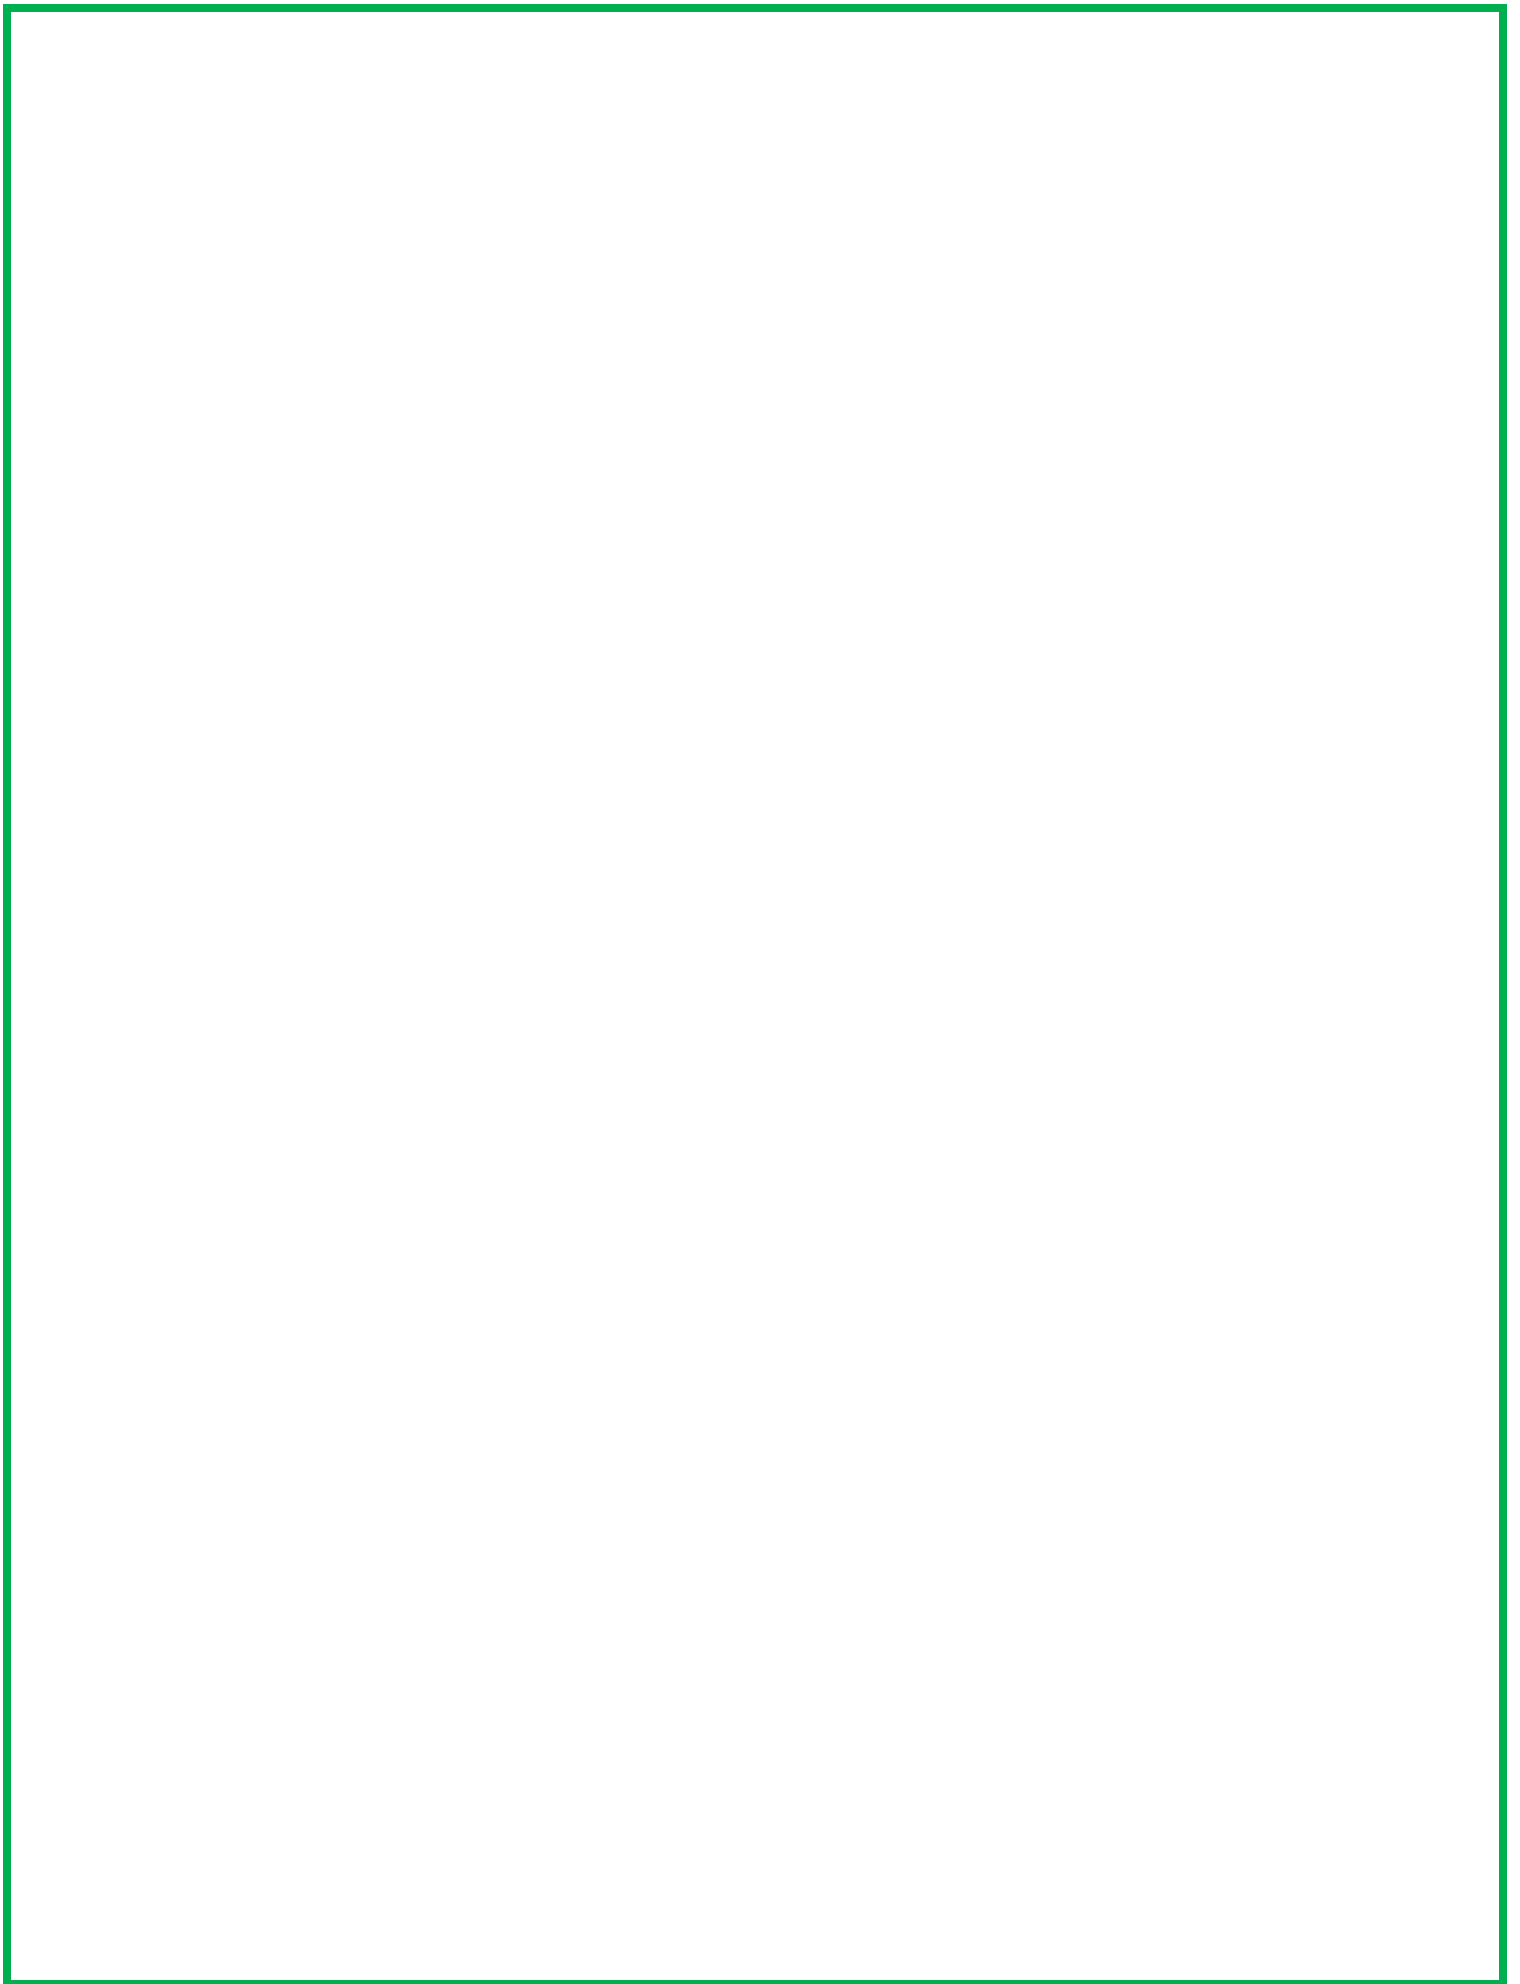

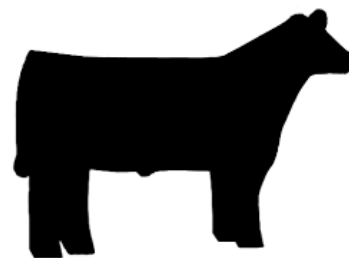

FANTASTIC FIELD DAY
LIVESTOCK JUDGING CONTEST
February 13, 2021 – Virtual Zoom
Hosted by Chualar 4-H

The purpose of Livestock Judging is to give 4-H members the opportunity to exhibit their animal evaluation skills. This year, they will judge a class of market swine, market lambs, market goats and market beef.

Requirements

- The judging is open to all 4-H members ages 9-19. Members can choose to be scored to compete or just try for fun. Cloverbuds may participate and will not be scored.

Format

- The score card will be linked to the Zoom Meeting.
- Each member must have their own email address. (Can be a parent but cannot share email with another member)
- All members in each rotation will watch the same four 5-minute videos (1 market swine, 1 market lamb, 1 market goat & 1 market beef)
- All animals are marked with the number 1,2,3, or 4.
- Members are to place the animals from 1st through 4th and then mark the judging sheet next to the animal's order that represents the correct placing. (ie, if 1st place pig is #2, 2nd place pig is #3, 3rd place pig is #1, and 4th place pig is #4; this would be represented as 2-3-1-4 on your score card)

Scoring

- The individuals who compete and win the highest overall score will be mentioned during the award ceremony.
- Individual awards will be given within each age category as follows:

    Gold seal 180 – 200 points
    Blue seal 160-179 points
    Red seal 140-159 points
    White 139 and below

LIVESTOCK JUDGING

Hosted by Chualar 4H

Market swine: Mark the combination of numbers which you determine to be the correct placing. *

- [ ] 4-3-1-2
- [ ] 4-3-2-1

Sample Score Sheet

When you watch the videos, you will decide how each animal should be placed & select the order from the options listed. You may only choose **one** option.

This example shows:

#1 animal is in 1st place

#3 animal is in 2nd place

#2 animal is in 3rd place

#4 animal is in 4th place

ARE THERE ANY QUESTIONS?

MARKET SWINE

MARKET SHEEP

MARKET GOATS

MARKET STEERS

Official Placing: 4 3 2 1 Cuts: 4-2-4

2020 Texas A&M Aggiefest Class #5, Market Swine

Judge Critique

Big picture things to do first in this class to us were to go ahead and cover your ends. To start, there is a really nice barrow in 4. That's a wide constructed, dense centered hog that turns the most shape and dimension down his topside, and driving profile, he's a tall fronted, level designed hog that is athletic and square in his build.

On the other end, the solid white barrow 1 should have been found just as easy on bottom. He's big bodied and loose structured, but here's the earliest maturing, heaviest conditioned hog that offers the least skeletal width, rib shape, and muscle expression and dimension from blade to hip. Furthermore, he is also the frailest featured, lowest fronted hog that's the steepest out of his hip and consequently the poorest balanced.

That leaves you with a middle pair of hogs with tradeoffs, where we favored the extra power of 3 over the added design of 2. The 3 barrow is the wider chested, bolder bodied hog that's bolder in his forearm and blade, and continues back with more mass and power over his loin edge and back out of his pinset. He is also the bigger footed, heavier structured barrow of the pair. Now the chromed up 2 does offer a more heads up, tall fronted look and is more attractive in his hip and hindleg drive, he also motors around the ring with more range of motion and added comfort, and additionally maintains a leanness advantage. However, he's the frailer featured barrow that is more closed up underneath when you view him driving at you, and consequently is flatter about his blade and body, and narrow out of his hip and stifle.

Officials for the class are 4321 with cuts of 4-2-4.

Sheep Judge Notes:

Official Placing: 4 2 3 1 Cuts: 5-3-2

2020 Texas A&M Aggiefest Class #3, Market Lambs

Judge Critique

On video, class 3 became the most challenging class in the sheep and goat division. With that said, finding 4 is not difficult. Muscular, compositionally correct, and still nice balanced. We agreed he won with a 5 point cut.

From there, challenges come because each sheep left has a problem or two and still some positives as well. We ended up sliding 2 in second. Outside of the fact that he pulls his hock in slightly from behind, he's easily the wider chested, bolder ribbed sheep of the three remaining who still combines shape with some leanness and cutability. We don't like his view from behind like I am certain many of you didn't, so we kept the cut small and only discounted you 3 if you didn't keep him in your top pair.

We found the final pair to be even closer, both sheep need more shape to their rib cages and view pretty general in terms of their leg shape, but we read 1 to be neater in his chest floor, more correct in his lines, and youthful in his look. 3's advantage was a stouter hip, but he was just as shallow twisted and flat in his stifle. With that, the deepest chested sheep read the most mature in his look and did not proportion as well from chest to flank. We cut that pair 2.

Official for class 3 market lambs was 4213 with cuts of 5-3-2.

Goat Judge Notes:

Official Placing: 1 2 3 4 Cuts: 5-4-2

2020 Texas A&M Aggiefest Class #1, Market Goats

Judge Critique

This class ended up being high quality and very sortable in our opinion. The breakdown ended up becoming what we consider to be an easy top, default second, and a very close bottom pair.

The undeniable place to start is with the cape fronted 1 goat. For starters, he is easily the widest built, roundest ribbed goat who spreads the most shape over his top and comes the stoutest to his hip and lower leg. Plus, in terms of balance, his chest, shoulder and neck set blended with his strong top and tucked up body cavity give him the most youthful yet high quality look. If you do not find him, you get cut 5.

Next in line, 2 easily falls into second from a carcass perspective and we cut the middle 4. Of the remaining three, he's easily the widest chested, bigger forearmed goat who portrays more thickness from the rear view. My opinion that he is easily a top pair goat is further confirmed when the camera gets a shot down his top where he is so much wider and squarer in his shape. Step to this side, he is just a little deeper chested, weaker topped and steeper hipped; that is why he got beat.

The decision for us came on bottom, where both goats give off a lower quality look and still do not have enough muscle. We simply felt 3 had a retained advantage in skeletal width up front and shape from above. No doubt, 4 reads better in the angles of his front structure and the set to his hock. For us though, it makes sense to keep the flat, narrow chested goat who is the lightest muscled in a close 4th and cut it 2.

Official for class 1 market goats was 1234 with cuts of 5-4-2.

Official Placing: 1 3 2 4 Cuts: 6-2-4

Bellville Collegiate Workout Class #5, Market Steers

Judge Critique

I like the Market Steers 1324 with cuts of 6-2-4

To save points there's two must dos in this class. 1 is an absolute man in this group. His muscularity in tandem with his extra look and fat steer proportions set on such a comfortable set of lower joints is impressive and unmatched in this class. An awfully nice black slick calf has to start.

On the opposite end of the spectrum 4 falls out from just a sheer build and balance perspective. He's without question a mellow easy feeding calf that is not devoid of muscle. Just too course and spend about his shoulder. The stale hided steer that is too straight and insecure in his hock and pastern rolls up in his top as he goes.

Its competitive in middle. Just read the longer necked unheeded 3 to be a touch neater looking and more shapely up high. I like that 2 counters him in terms of being more practical through his mid rib and softer back in through his rear rib and flank. The plainer fronted frailer option is just too snug in his fore rib and rounder out of his hip.

Meeting 1/26/2021

Fantastic Field Day will be held via Zoom on February 13, 2021. Our club is hosting the Livestock Judging portion of the event. We want to encourage everyone to sign up and participate. In addition to Livestock Judging, there will be a Baking Contest, Poster Contest and a Vegetable Identification Contest. Even though the event is on Zoom, it will still be a great event. Let's show our support to all of the volunteers who have put a lot of work into this.

Thank you!

Fantastic Field Day Report

Brayden:

February 13th Chualar 4H hosted Livestock Judging for Fantastic Field Day. Over the last few months, we had several meetings with the other clubs that were hosting the other events to plan everything which was held virtually for the first time ever.

Our event was held first right after opening ceremonies and we had 65 participants which was a great turn out for an online event. We prepared a powerpoint presentation of 4 different species, swine, sheep, goats & steers. We had a few glitches with it being online but overall it went really well. We had a great showing of Chualar 4H members & look forward to the results being announced on March 27 at the Awards Event.

Bella

King City Blue Ribbon hosted the opening and closing ceremonies & did a great job with it. They really kept everyone interested and even handed out door prizes which you had to be present to win. We are happy to report that 4 of our Chualar members received door prizes!

The other events were the Baking Contest hosted by Royal Oaks 4H, Vegetable Identification hosted by Mission 4H, Poster Contest hosted by King City Blue Ribbon and the Community Service Activity was presented by Natividad 4H.

Haylee

The Community Service Activity this year is South County Animal Rescue also known as SCAR. Natividad 4H demonstrated a couple of different things you can do to donate to them. They showed us 2 methods to make blankets, how to make a cat toy or you can simply donate dog or cat food. All items should be turned in by April 3rd at the Ag Office in Salinas. Please let us know if you are interested in donating anything and we can pass along the instructions.

It was a great event & we are thankful to all the volunteers that worked to make this happen for Monterey County 4H this year.

Thank you!
