

Introduction to **Groundwater, Watersheds, and
Groundwater Sustainability Plans**
An Online Short Course

[Introduction to Groundwater, Watersheds, and Groundwater Sustainability Plans - An Online Shortcourse](#)

Thursday, May 6, 13, 20, 27, and June 3 (15 hours)

9:00am – 12:00pm PDT (GMT -07:00) and Q&A 12:00pm - 1:00pm PDT

Understanding groundwater and watersheds and how we monitor, assess, and sustainably manage these resources is critical and integral to California Groundwater Sustainability Plans (GSPs) and other water management programs. Private citizens, professionals, decision makers, executives, agency employees, and stakeholders with diverse backgrounds and in a wide variety of private, non-profit, and government responsibilities are increasingly engaged in the sustainable management and assessment of groundwater and surface water. This online short course will review the fundamental principles of groundwater and watershed hydrology, water budgets, water quality, and water law and regulation in an intuitive, highly accessible fashion. Through real world examples, participants learn about the most common tools for measuring, monitoring, and assessing groundwater and surface water resources. We then review the key steps and elements of planning for groundwater sustainability.

Registration: <https://registration.ucdavis.edu>

Fees: \$100/\$60 (includes [textbook](#))

Reduced fees (\$60) are available to members of California Groundwater Sustainability Agencies (board, staff, advisory committees), to California state employees, and to participants of the [WEF Water 101 Workshop](#), April 22-23, 2021 of the [GRA Groundwater Sustainability Planning Summit](#), June 9-10, 2021.

For reduced fee coupons and questions please contact: GroundwaterUCD@gmail.com

Offered by the [University of California, Davis](#) and [UC ANR](#).

Cooperating Organizations: [Groundwater Resources Association](#), [Water Education Foundation](#)
