

2021 Annual Santa Maria
Strawberry Field Day

Our TX-22 robotic harvester active in Oxnard, Santa Maria this year

Company backed by **Yamaha** and **Kubota**
Gently harvests up to 500lbs/man-hr across fleet
Target grower savings up to 60% headcount, 30% cost
Harvested >100K lbs of fresh market fruit to date

See video at www.vimeo.com/advancedfarm/1kb

Critical factors for our success: cultivar, labor model

Press Release June 2021: UC Davis strawberry breeding program and advanced farm to evaluate new cultivars for robotic harvest
