Wear a mask.

Masks must always be worn indoors.*

*Countries who do not have a substantial or high transmission rate may have different guidelines. Check with your local health department.

Check your temperature before you come.

Do not come to a meeting if you have had a fever within the last 48 hours.

Watch for other symptoms.

Aside from fever, Covid-19 symptoms include cough, difficulty breathing, headache, body aches, nausea, loss of taste or smell and fatigue. Do not come to a meeting if you feel sick.

Practice physical distancing.

Maintain at least 3 feet distance from others.

Wash your hands.

Wash your hands with soap and water when you arrive (or use alcohol or hand sanitizer). Wash them again as soon as you get home.

Do not share items.

Please confirm with your leader ahead of time what items you may need to bring to the meeting. Do not share your things with others.

If possible, put needed materials into a bag or box labeled with your name.

Keep a record of the meetings you have gone to, with dates.

If you or someone you live with gets sick within 48 hours of a meeting, let your project leader know immediately. Be sure your leader has recorded your attendance as well.

4-H Avian Embryology Project Returns

After a two-year hiatus due to COVID 19, the 4-H Avian Embryology Project restarted with the participation of teachers and students from these McFarland Schools: Browning Road Elementary School, Horizon Elementary School, and Kern Avenue School. In this project, teachers are provided instruction in avian embryology, development of the chicks, and care of chicks once they hatch. The teachers receive an incubator and two or three eggs that have been incubated for 18 or 19 days. This allows a better opportunity for the chicks to hatch in class so the students can observe the process.

Twenty three teachers and over six hundred students from the McFarland Unified School District were able to participate in the project. The project is done in partnership with a number of different organizations. The University of California provides the coordination, instruction, and supplies/equipment. The host schools provide the teachers, students, and a facility for instruction. Foster Farms Hatchery in Fresno County is very gracious in providing the incubated eggs.

Finally, the Virginia and Alfred Harrell Foundation were supportive of the program by providing funds to help with supplies, travel, and other costs. The schools in the Arvin Elementary District will be participating in the project in March.

The 2022 California 4-H Camping Conference brings together the adults and teen leaders who help plan and administer camping programs across California in a weekend of hands-on training, networking, and learning experiences.

What to Expect

The conference begins after dinner at 7:30 pm on Friday evening and closes Sunday afternoon with lunch. The registration fee includes two nights lodging in shared cabins, five meals, and all workshops and program materials. Gather with your peers to learn, explore and enjoy.

Hands-on Workshops

Our variety of hands-on workshops promise to engage, inspire, educate and challenge everyone regardless of their role at camp. Workshops are appropriate for all levels—from novice counselors to seasoned directors.

Program Track: Building your camp culture; Creating a welcoming camp
Administrative Track: Working with camp chaperones; Camp during Covid
Activities Track: Time-fillers with campers; Considerations for the campfire
STEM at Camp Track: Cooking over campfires; What makes a STEM activity a STEM learning experience?

These are just a few examples of workshop topics being offered.

This conference is only held every other year. Don't miss this great learning opportunity to make the best camps better! Join other camp planners and staff to learn about creating safe, engaging, educational—and fun—spaces for campers.

You do not have to be part of a 4-H Camp to participate. Please contact Marianne Bird at mbird@ucanr.edu about registering if you are not a current 4-H member or volunteer.

To: UCCE 4-H Offices and California 4-H Shooting Sports Leaders
From: Siskiyou County Leaders Council
Jacki Zediker, 4-H Youth Development Community Education Specialist
Re: 38th Annual State 4-H Shooting Sports Match

Siskiyou County 4-H Leaders Council will host the 2022 State 4-H Shooting Sports Match.

The following is a list of procedures and rules for participation in the 2022 State 4-H Shooting Sports Match.

1. The registration process is as follows: All registration forms must be sent to the UCCE office of the county in which each participating 4-H club resides. Clubs can pay with 4-H club checks directly to the contest or payments can be made by County 4-H Councils/VMO's. Personal checks will not be accepted.

The county 4-H Youth Development Advisor, 4-H Program Community Education Specialist or other UCCE 4-H authorized individual shall sign the registration form to verify that all entrants, adults and youth, are currently enrolled in 4-H.

On or before the postmark date of March 15, 2022, the UCCE 4-H office personnel shall send the registration forms and payment to the Siskiyou County Leaders Council, 1655 South Main Street, Yreka, CA 96097.

2. After receiving and processing the registration packets from each county, labeled targets and skeet/trap score sheets will be mailed to the participating shooting sports leaders by April 15, 2022.
3. A California 4-H State certified Shooting Sports Leader must supervise all shooting (Leaders must be certified in the discipline of the category of the target being verified, i.e., leaders certified in Rifle may supervise rifle events, Shotgun leaders may supervise trap events, etc.). For more information on becoming certified in the various disciplines, go to <http://www.ca4h.org/Projects/SET/ShootingSports/>
4. After scoring the returned targets, the results will be compiled and distributed through the UCCE offices. Ribbons, medals and trophies will be sent to the participating counties for the shooting sports leaders to distribute.

Food Safety Training Available ONLINE!

The service of safe food should be a priority for all University of California (UC) events. Any activity where food is served (potlucks, luncheon meetings, etc.) has the risk for food borne illness. If a 4-H YDP group plans to serve food as part of an official 4-H YDP activity, the food preparation and service must be in compliance with all local (city and county) health department rules and state laws. In addition, it is imperative that all county based rules and regulations governing food service activities be observed, including securing appropriate permits. Food Safety trainings are available anytime online! Please visit the website below, and use the provided sign-in/user information:
