### Monthly Event: Garden Talks

Each month, UC Master Gardeners Trudy and Janet host talks on a variety of home gardening topics. Join us for an info-packed hour on practical, research-backed ways to understand and improve your home gardening experience. Classes are online and registration is required. Register at [ucanr.edu/sbmg](https://ucanr.edu/sbmg).

#### 2022 Garden Talk feedback:

*“Love all these presentations! I attend every month.”*

Our January Garden Talk was on **Bare Root Fruit Trees**.

Watch the recording here:

### Series: Victory Vegetable Gardening for TRUE Beginners

Our popular 4-class series walks new gardeners through the process of growing food at home, from seed to harvest. We'll teach you about site selection, watering, pest control, best practices for harvesting, and everything in between!

Join us from 7:00pm-9:00pm on the following Wednesday evenings:

- February 16, February 23, March 2, and March 9

Participants who complete the series receive a certificate.

#### 2021 Victory Vegetable Gardening feedback:

*“It was great! I learned a lot, everyone seemed on message and kept the talks concise and clear. Good use of technology.”*

## Winter/Spring 2022 Events at a Glance

and our state-wide [2019/2020 Impact Report](#) to see how we make a difference in California communities.

*UC Master Gardeners toured the Goleta home garden of UC Master Gardener Janet in September 2021. Janet hosts Garden Talks and the Victory Vegetable Gardening series.*

## NEW Home and Garden Pest Newsletter

UC Master Gardeners are pleased to share that our partner in responsible pest control, UC IPM, offers a new resource for home gardeners: [the Home and Garden Pest Newsletter](#).

“The Home and Garden Pest Newsletter is a three times yearly e-newsletter created to help provide Californians with the latest pest information from the University of California. In our issues you will find reliable, up-to-date information on how to identify and manage new and existing pests in and around your home, garden, and landscape.” (UC IPM)

The first issue is [available for download](#) and covers common home gardening tasks for fall and winter, plus an Invasive Pest Spotlight on a new pest in Santa Barbara County: [the Black Fig Fly](#).
