

Post-Fire Southern California Wildland Recovery Workshop

March 2, 2022

10 AM – 2 PM

Day 2: Field Site Visit (March 2, 2022)

Bring brown-bag lunch, mask, water, hat, sunscreen, closed-toe shoes, long pants (for poison oak and other hazards)

UCANR COVID protocols will be followed at all times, and wearing a mask is required to attend

Parking is limited at South Portal Canyon and access is via US Forest Service dirt road. We strongly encourage carpooling.

9:45 AM Meet at Green Valley Community Center

- Accessible via paved road
- Bathrooms available

10:00 AM Introductions

- Vilius Zukauskas (US Forest Service)
- Kim Corella (CALFIRE)
- Beatriz Nobua-Behrmann, Julie Clark, Annika Nabors (UCCE)

10:15 AM GSOB Impacts and Treatments at GVCC and Spunky Canyon Campground

- Background on GSOB and fire in the Green Valley area
- Spraying, injection, tree removal, monitoring and mitigation
- Some walking (< 1 mile)

11:30 AM Break for lunch, bathroom, travel time (sites are ~3 miles apart)

12:30 PM Reconvene at South Portal Canyon

- Accessible only via US Forest Service dirt road. Parking is limited and carpooling is strongly recommended
- Remote field site with no facilities access

12:45 PM Fire, Post-fire Recovery, and GSOB

- Powerhouse Fire (2013) affected areas north of South Portal Canyon
- Impacts of fire on oak woodlands
- Forest health and recovery and post-fire management practices

2:00 PM Closing
