**The same but different! This year will feature virtual Presentations with various date choices in March, 2022.**

### **What are the Presentation categories I can compete in?**

All categories are fun, challenging and are intended to be educational. A full description can be found in the 4-H Presentation Manual (2021 version).

**Demonstrations and Illustrated Talks-** a demonstration uses the "show how" method to teach a skill. An Illustrated talk uses models or other visual aids to teach something.

**Scientific or Engineering Presentation** -This type of presentation focuses on finding solution to problems by weighing design choices

**Educational Display Talk** - An organized visual presentation of a program or concept. (This is not a science fair display, collection or project exhibit)

**Informative Prepared Speech-** the purpose is to persuade, inform or educate the audience on a single topic or issue. Notes may be used if they don't distract from the speech

**Persuasive Prepared Speech—** designed to sway, convince or influence the listener.

**Impromptu Speech** - the topics are pre-announced. At the competition, the topics are randomly drawn and the member has 3 minutes to prepare a time speech.

**Interpretive reading** - Any published written work that is appropriate may be used. Examples are children's stories, poetry, essays, speeches and excerpts from novels.

**Cultural Arts** - Individuals or group performances of dance, costumed dramatic reading, musical, dance or other performing arts.

### What is a 4-H Presentation event?

Our 4-H Presentation is one of the most important learning experiences that a 4-H member can participate in and it's a lot of fun too! It provides an opportunity for members to demonstrate a prepared presentation in any area. Members are strongly encouraged to relate the presentation to their current 4-H project work or 4-H activities.

All members from 5-19 years can participate in a Presentation event. Members from 5-8 years will receive participation certificates only.

Members aged 9-18 are judged using the Danish System of Judging (Gold, Blue and Red). Everyone participating will receive comment sheets from the judges to help them improve their presentation skills.

Members that are awarded a Gold Medal may elect to continue on to the Sectional Presentation Day. If a Gold is awarded at Sectional you may advance to the State Level which is held in May at the University of California campus in Davis.

(A member does not have to compete in any of these events to fulfill requirements to achieve a Star Rank.)
