

Soil Testing Labs for Home Gardeners

This document lists some commercial soil testing labs providing services to the public for a fee.

This list is not comprehensive or all-inclusive. No endorsement of any specific business is intended. Neither is any criticism implied of similar labs not listed here.

Soil testing labs vary in the types of tests they offer and the recommendations they provide, if any. Please contact specific labs for the services they offer.

These labs may or may not provide testing services for contaminants.
