4-H Summer Camp

June 14- June 18, 2022

Camp Keola

Each summer 4-H members that are at least 9 years old and up to having just finished 8th grade are eligible to attend Fresno County overnight 4-H Camp at beautiful Camp Keola on Huntington Lake. The Keola camp staff provide delicious meals as well as lifeguards for the waterfront.

Our own high school age 4-H members act as Junior Counselors (JCs) and plan camp activities as well as act as cabin counselors. Adult 4-H leaders volunteer to chaperone at camp. Another 4-H volunteer acts as camp nurse.

Camp Keola provides a full range of camp fun. The waterfront allows for swimming, kayaking, canoeing, paddle boating as well as fishing. The JCs plan sports activities, crafts, hiking, evening activities, dining hall fun and campfire activities. Many campers choose to spend one night sleeping under the stars and the bravest participate in the polar bear plunge.

The cost for camp is \$300. Partial camp scholarships are available for first time campers and for families sending multiple children to camp. You must fill out the scholarship application to qualify. Applications are on a first come first serve basis if camp fills up. **Click here for applications and forms:** https://ucanr.edu/sites/4-H-Fresno/Annual_Events_Page/4-H_Summer_Camp/

Did You Make it to the

Festive Food Faire this Year?!

It was so good to have it in person again and see so many smiling faces! After we all set up our recipes and displays, we went to a separate building for activities while the recipes were being judged. There was Consumer Science Judging, Plant & Mechanical Science Judging, Bingo, and Community Service. The judging rooms were fun and helped us learn more about ranking a lot of different things. Some of these were how to select apron fabrics, a family pet, and the best size pot for a plant. We also played Bingo for fun prizes. And there was making of tie blankets as a Community Service project.

There were so many ribbons and medals handed out at the awards ceremony. And then... we got to taste all the treats! There were so many good things! Thank you to all the volunteers who made it a great day!

If you haven't been before, hope you make it next year!!!

What's the Difference Between Danish & American Systems of Judging?

The **Danish System** of Judging is based upon established standards of quality for each type of product. In this system each exhibit is judged according to how well it meets that standard rather than how it compares with other exhibits. Blue-Excellent-A; Red-Good-B; White-Fair/Average-C One advantage of the Danish system is that everyone whose work fulfills at least the minimum qualification can receive a ribbon of recognition. Theoretically, if all entries are judged to be excellent, all would receive blue ribbons. If all entries were judged to be poor, all would receive white ribbons or no ribbons at all. In Danish, ribbons signify levels of achievement, not placing. The Danish System is used at the 4-H Fair with Still Exhibits, Presentation Day, etc.

In the **American System**, each exhibit is judged not only on its own merit, but in comparison to other exhibits in the class. Awards given may be 1st place through 10th place, depending on the number of exhibits in the class. No awards are normally given past 10th place. An example of where the American System is used is in Livestock Showmanship classes.
