 Conservation Agriculture Planning Grants Program		

State Water Efficiency and Enhancement Program (SWEEP)

- **What is SWEEP?**
- Is a competitive grant application process administered by the California Department of Food and Agriculture (CDFA)
- **What?** those that reduce **GHGs** AND **save water**
- **How many?**; 835 to date
- **Total** ; \$ 81.1 million to date
- Last Solicitation (2021/2022)

State Water Efficiency and Enhancement Program (SWEEP)

- **Funded projects;** soil moisture monitoring, drip systems, switching to low pressure irrigation systems, pump retrofits, variable frequency drives and installation of renewable energy to reduce on-farm water use and energy.

\$50 million for 2021/2022

Expected for 2022/23
\$50 million for 2021

State Water Efficiency and Enhancement Program (SWEET) Pilot Program for the Southern California Desert Region.

- a \$2 million portion of the 2021 SWEET allocation (\$50 M) dedicated to projects located in the southern desert region, a region.
- Projects funded through this Pilot program **MUST demonstrate water savings** BUT will NOT be required to reduce GHG emissions from irrigation pumping. Projects must not result in an increase in GHG emissions.
- **How much?** Max of \$200,000
- **When to apply?** Any time from now. Please register for the email notification to receive updates.

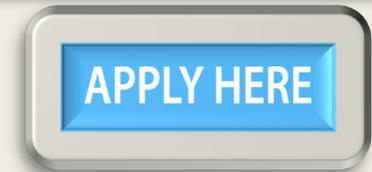

How To Apply

- Applicants will access the application from the SWEEP webpage
 - Review the 2021 Grant Request for Application (https://www.cdfa.ca.gov/oefi/sweep/docs/2021_SWEEP_RGA_-_October_19_Release.pdf)
 - Review the FAQ (https://www.cdfa.ca.gov/oefi/sweep/docs/2021_SWEEP_FAQ_11.1.21.pdf)
- Sign up or Log in to access application and submit
- https://webportalapp.com/sp/login/2021_cdfa_sweep

Have on hand:

- Project design
- Budget
- Water Calculator
- GHG Calculator
 - Pump test
 - 12 months energy records

Healthy Soils Program (HSP)

- **What is HSP?** HSP is a competitive grant administered by CDFA to Promote the development of healthy soils on California farmlands and rangelands.
- **When;** 2017
- **Who;** Farmers and ranchers using soil as a medium of growth
- **How much;** Max of \$100,000 for incentive and
 - \$250,000 for Demo projects
- **Aims ;** must reduce GHGs , sequester Carbon AND improve soil health
- **How many ;** 1251 to date
- **Total ;** \$107 million

Healthy Soils Program (HSP)

- **Practices;** cover cropping, no-till, reduced-till, mulching, compost application, and conservation plantings.

\$75 million for 2021

**Under Governor
review**

**~\$10 million for
2023/24**

How To Apply

- Applicants will access the application from the HSP webpage
 - Review the 2021 Grant Request for Application (https://www.cdfa.ca.gov/oefi/healthysoils/docs/2021_HSP_Incentives_RGA.pdf)
 - Review the FAQ (https://www.cdfa.ca.gov/oefi/healthysoils/docs/2021_HSP_Incentives_FAQ.pdf)
 - Watch “How to apply for HSP” video (<https://youtu.be/qlztaJhA38Y>)
- Sign up or Log in to access application and submit here (https://webportalapp.com/sp/login/2021_cdfa_hsp_incentives)

- The HSP is currently accepting grant applications on a rolling basis until 5 p.m. PT on Friday, February 25, 2022 or until available funds are expended, whichever is earlier. Before applying, please review the application documents below.
