

CDFA PROGRAMS

Grants available for all farmers and ranchers.

HEALTHY SOIL PROGRAM (HSP)

The Healthy Soils Program promotes the development of healthy soils on California's farmlands and ranchlands. The program has two components: the Incentives Program and the Demonstration Projects. The HSP grant provides up to \$100,000 in funds per applicant..

The HSP Incentives Program provides financial assistance for implementation of conservation practices that improve soil health, sequester carbon and reduce greenhouse gas (GHG) emissions. **The HSP Demonstration Projects** showcase California farmers and rancher's implementation of HSP practices.

STATE WATER EFFICIENCY & ENHANCEMENT PROGRAM (SWEEP)

SWEEP provides grants to growers for irrigation management improvements, including increased efficiency measures, soil moisture monitoring equipment, solar pumps, drip systems, and more. The SWEEP grant provides up to \$200,000 in funds per applicant.

TECHNICAL ASSISTANCE

CDFA has partnered with the UCANR to offer Climate Smart Agriculture technical assistance to applicants of the SWEEP & HSP programs. **There is no minimum or maximum acreage required to apply.**
