Every year the [Golden Empire Gleaners](#) asks for the help of the community to assist in its annual food drive to help needy children and families in Kern County. As in past years, we are asking our local 4-H clubs to assist in this worthy cause.

Just bring in your cans, boxes, bottles, or bags of [nonperishable food items](#) to the County 4-H Office. We will store the contributions here until it is time for the Gleaners to pick them up. Every little bit helps to stave off hunger for needy families in our community. There is a list of items on page 13 in this newsletter

If you have any questions, give us a call at 661-868-6200, or you can contact [Sue Mckinney](#) or [Gordon Riggs](#).

Thank you for helping feed those in need.

Bake Day Online Entry Form

The 2022 Bake Day Contest will be held November 5, 2022 at 4-H Field Day, at the Kern County Fair Grounds in Bakersfield.

Check-in for entries will be from 8-8:45 a.m.

Bake Day Rules:

1. **ONE ENTRY PER MEMBER, with the exception of the "Whole Grains" category.** Any 4-H member, **4th Grade and above** may enter in the regular judging part of the contest; Cloverbuds may enter but only in the Cloverbud category. (Third grade members who were age nine on January 1, 2022 are considered to be regular members and are eligible to enter the judging contest.)
2. All cakes should be placed on a **non-returnable** carrier appropriate to the size of your entry.
3. Attach a removable identification label with **NAME, GRADE IN SCHOOL** and **CATEGORY** to your entry. If a cake is covered with plastic wrap, please put the label on the outside.
4. **Attach the recipe or a list of ingredients**, for all baked entries. Packaged mixes are acceptable, **with the exception of the "Whole Wheat" category.** (Example of a recipe mix card: Chocolate cake mix, added cherries.) You do not need to include the brand name.
5. NO entries will be transferred to another category. Entries entered in the wrong category will be judged in the category entered, but will be ineligible for awards. Late entries will not be judged for awards. Registration is from 8:00-9:00 a.m. the day of the event.
6. Decorated cakes **must be baked** by the member. The design should be applied by use of decorating tips. Some small purchased figures are permissible. Permanent portions of the decorated cake will be returned upon request immediately following the contest. Originality is important! Decorated cakes will be judged on outside appearance (30%), originality (20%), inside texture and moisture (20%), and workmanship and color combination (30%).
7. The "Chocolate", "White", or "Other Flavors" categories may be a sheet or layered cakes. These designations refer to the flavor of the cake only. Frosting may be any flavor.
8. For safety reasons, **NO** cream pies or frostings and fillings made with whipping cream, sour cream or other cream products will be accepted. If the entry requires refrigeration, it will **NOT** be accepted, so please make wise selections!
9. **Whole Grains:** Members entering the "Whole Grains" category are not limited to the type of item they make, with the exception of rule #8. The "Whole Grains" item must be made from scratch, with the ratio of flours or grains used being no less than 75% whole grains. Suggestions for this category include; but are not limited to, the use of whole wheat flour, potato, rye, and rolled oats. The use of white flour in this category must not exceed 25% of the total grains used. Members participating in this category will be allowed to enter a second category. A separate (second) baked item must be entered in a different category.

Additional entry forms are available at the Extension Office

Project Leader Checklist

This checklist is designed to assist 4-H project leaders in preparing to implement their project(s) prior to meeting with youth (Revised 10/2017)

#	X	Item
1		Have you met your Club Leader(s) and discussed your plan for implementing your project(s)?
2		Have you completed all the steps for becoming a 4-H adult volunteer? (1. Filled out the application and paid fees; 2. Fingerprinted if a new 4-H adult volunteer; 3. Completed required online orientation)
3		Do you have a list of the youth who are going to participate in your project(s) and are they enrolled in the 4-H project(s) you are going to lead? (Your Club Leader or Volunteer Enrollment Coordinator can check for you)
4		Have you developed a project description and lesson plan for what will be covered on which dates and if there will be any cost for participants?
5		Do you have a UC ANR user agreement with the facility you will be utilizing? (Your county staff member must assist you in obtaining this document)
6		Do you have completed and signed youth and adult treatment authorization/health history form on hand for all participants? Youth: http://4h.ucanr.edu/files/4726.pdf Adult: http://4h.ucanr.edu/files/20100.pdf
7		Have you provided the dates, times, and location of your project meetings to the youth enrolled in your project?
8		Is there at least one additional adult that will be on site with you at each meeting?
9		If you are going to fundraise or secure grant support for your program, have you received approval from your county 4-H staff and County Director?
10		Is there ample drinking water available?
11		Have you reviewed the "4-H Project Leaders Digest" available online at: http://4h.ucanr.edu/files/4462.pdf
12		Do you have "Annual Project Report" forms on hand for the 4-H members to keep track of their project participation? http://4h.ucanr.edu/files/220272.doc

For 4-H project leaders

Welcome to the new 4-H program year! Here are a few resources to help you think about organizing a 4-H STEM-oriented project!

- [Project Leader Checklist](#) (right)
- [Project sheets](#) (below) are a guide for 4-H project leaders to develop their projects with meaningful content. These three are examples of the dozens available!

4-H Astronomy Project

STARTING OUT, BEGINNER

- Research the early astronomers. Create a timeline of their activities and discoveries. Share with members of your project.
- Learn about our solar system and the planets in it.
- Draw or build a model of the solar system.
- Learn how telescopes work. What are the differences between a reflecting telescope and a reflecting telescope? How are they the same?

4-H Climatology and Climate Science Project

STARTING OUT, BEGINNER

- Measure daily weather, including high and low temperature, wind speed and direction, inches of rainfall, and humidity.
- Talk to a meteorologist and see how they predict weather. Discuss the difference between weather and climate.
- Learn about the factors that affect climate such as sunlight, the ocean, atmosphere, land, and living things.
- Compare the climate in various regions of the Earth.
- Learn about the various weather events in your area.

4-H Shooting Sports – Air Rifle Project Schedule – Fall 2022

Project Leaders: John Borba, John Carter

You must be at least nine years old or in the 4th grade to participate and fill out a 4-H enrollment form online. If you are currently a 4-H member you must add “Shooting Sports – Rifle” to your projects in the online enrollment system.

This project will involve the basic techniques of safety and air rifle marksmanship. All sessions will take place at Pro Tool Services, Inc., 1704 Sunnyside Court, Bakersfield, CA 93308. Each member is expected to demonstrate proper safety procedures with a .177 caliber air rifle.

If any student has a learning disability, the parent should meet with the leader prior to the class to inform him of any special needs. Students may use a privately owned rifle for the provided they are in safe operating condition with iron sights (no scopes).

All equipment will be provided.

All sessions will begin at 5:30 p.m. and end at 6:45 p.m.

- Session #
- 1 – Wednesday, September 28
 - 2 – Wednesday, October 5
 - 3 - Wednesday, October 12
 - 4 – Wednesday, October 19
 - 5 – Wednesday, October 26
 - 6 – Wednesday, November 2
 - 7 – Wednesday, November 9
 - 8 – Wednesday, November 16

If you intend to participate, you must let John Carter know by contacting him at coytejon@bak.rr.com or John Borba jbinnv@yahoo.com

Be sure to bring a lawn chair as there is no seating in the building.

Explorers of the Deep

Explorers of the Deep, focuses on the mysteries and adventures of ocean exploration—with robots! Young people learn how to use science, technology, engineering, and math (STEM) to explore Earth’s Ocean and how it relates to all life on the planet.

Explorers of the Deep activities can be done all at once or individually.

1. **Ocean Robot Test Tank** is an activity where youth learn how to “ballast” their ocean robot by adding weights to replicate the sinking and floating behavior of a real ocean robot. They will investigate data collected by ocean robots and learn about the value of ocean exploration.
2. **Ocean Expedition** is a board game where youth navigate their ocean robot around the world while learning key ocean concepts. Topics include aquaculture, climate change, innovation, human impact and the ocean ecosystem.
3. **Ocean Communicator** is an activity in which young people investigate challenges that ocean scientists, engineers and technologists are currently exploring. They design and advocate for innovations and technical solutions that inspire public action.

Join the 2022-2023 State 4-H VEX IQ Robotics Project!

[Apply by September 15, 2022](#) (extended)

DESIGN, BUILD, SHOWCASE October 2022 to May 2023

Teams (at least 2 to 3 youth + 1 adult) are invited to apply to join the VEX IQ statewide 4-H robotics project 2022-2023!

Target age: Junior and intermediate 4-H members (9 to 13 years old; although fine for older youth, too)

Location: Zoom

Teams will receive a VEX IQ kit, meet monthly on Zoom, and prepare for a showcase on May 27, 2023 (using the annual VEX competition).

VEX IQ are plastic, snap-together pieces designed to build highly functional robots. The system does not require any prior knowledge in robotics. Youth can easily build their first robot, and the wide variety of additional parts means that they can build anything they imagine as they learn.

Farm Service Agency

Youth Loans

FACT SHEET

August 2019

Overview

The U.S. Department of Agriculture’s Farm Service Agency (FSA) makes operating loans of up to \$5,000 to eligible individual youths ages 10 to 20 to finance income-producing, agriculture-related projects. The project must be of modest size, educational, and initiated, developed, and carried out by youths participating in 4-H clubs, FFA, tribal youth organizations, or similar agricultural-affiliated groups.

The project must be an organized and supervised program of work. It must be planned and operated with the assistance of the organization advisor, produce sufficient income to repay the loan, and provide the youth with practical business and educational experience in agriculture-related skills.

Who May Borrow

To qualify for a loan, the applicant must:

- Comply with FSA’s general eligibility requirements; and
- Conduct a modest income-producing project in a supervised program of work.

How Loan Funds May Be Used

These loans can finance many kinds of income-producing agricultural projects. The loan funds may be used to:

- Buy livestock, seed, equipment, and supplies;
- Buy, rent, or repair needed tools and equipment; and
- Pay operating expenses for the project.

How It Works

To apply, the applicant must submit completed plans and budgets signed by the project advisor and parent or guardian along with the FSA application for loan assistance.

These loans:

- Have a maximum loan amount of \$5,000 (total principal balance owed at any one time cannot exceed this amount);
- Have an interest rate that is determined based on the cost of money to the federal government (after the loan is made, the interest rate for that loan will not change);
- Will be secured, in addition to promissory notes, by liens on the products produced for sale and on chattel property, including livestock, equipment, and fixtures purchased with loan funds; and
- Have a repayment schedule that varies depending on the type of project for which the loan is made. For example, if it involves raising livestock or crops, the loan is paid when the animals or produce are normally sold.

Handbook For New Families

This guide was developed to help new families understand the 4-H program. Please share a copy of this with new families in your club. If you have feedback for updates to this guide, please submit them to Sue McKinney at lsmckinney@ucdavis.edu or call 661-868-6235. <http://4h.ucanr.edu/files/271860.pdf>

Food Safety Training Available ONLINE!

The service of safe food should be a priority for all University of California (UC) events. Any activity where food is served (potlucks, luncheon meetings, etc.) has the risk for food borne illness. If a 4-H YDP group plans to serve food as part of an official 4-H YDP activity, the food preparation and service must be in compliance with all local (city and county) health department rules and state laws. In addition, it is imperative that all county based rules and regulations governing food service activities be observed, including securing appropriate permits. Food Safety trainings are available anytime online! Please visit the website below, and use the provided sign-in/user information:
