### Richard P. Buchner

UC Orchard Crops Farm Advisor

-Tehama County - Emeritus -

Richard

# Welcome ABOARD

We are happy to welcome our new Orchard Crops Advisor— **Jaime Ott** — to our UCCE Team! Rick and Jaime are busy preparing for the upcoming Walnut and Prune meetings, as well as traveling throughout the area where she is looking forward to meeting all of you.

Jaime's position as the UCCE Orchard Systems Advisor will be working in Tehama, Shasta, Glenn, and Butte Counties. Her primary crop responsibilities are walnut, prune, almond, and olive. She is finishing up her PhD from the UC Davis Department of Plant Pathology, where she has done work assessing walnut and almond rootstocks for resistance to crown rot caused by *Phytophthora*. She has also been involved in testing whole orchard recycling in almonds and optimizing anaerobic soil disinfestation (ASD) as an alternative to fumigation when replanting almond orchards. Jaime enjoys sharing the bounty of her garden with friends and neighbors and savoring the quiet of the mountains while backpacking with her husband.

**Help us in welcoming Jaime to our team!**
