I have held the position of President of 4 Aces 4-H for several years and I'll currently the secretary of Garces FFA, and Regional Sectional officer for San Joaquin. I know how to conduct a meeting and keep order. I'm excited to serve Kern County 4-H.

### **Ember Oxford**

I see the need for a youth president and am more than willing to step up. I have been leading my club as the president for three consecutive years now, independently conducting meetings, creating the agenda, and working with my leader board to plan for the 4-H year. I have also filled other leading positions, in animal projects and activities, junior and teen leading roles, and public presentations.

## **Hannah Amick**

I've been involved in showing livestock since I was 6 years old and have absolutely enjoyed every second. In the last three years I've been the vice president and the current president of West Bakersfield 4-H club. I enjoy helping my fellow peers and the younger kids in the club with anything, especially their livestock. I plan on going to school after I graduate to pursue becoming a large animal vet. If I was given this opportunity I believe it would help strengthen my knowledge and promote growth in my livestock journey.

## **Felicia Gover**

I believe I would be a good candidate for this position because I am hard working, very relational, responsible and trustworthy. I am full of ideas and love working together as a team, the results are always so rewarding. If I am elected for this position I look forward to getting to know everyone I will be working with and helping kids become more involved with 4-H clubs around the county! I am currently the secretary of my 4-H club. I am on the worship team at my church high school, as well as working in a 3rd grade Sunday morning kids classroom. I will try my hardest to make this year's work be fun, inviting and productive!
