

# THIRD THURSDAY THINGS FROM THE FIELD

Join us for our first North Sac Valley 'Third Thursday Things from the Field'! Hear updates on orchard management strategies for upcoming challenges and share what you've been seeing in the field.

## BACTERIAL BLAST

Jaime Ott, Orchard Systems Farm Advisor for Tehama, Glenn, Butte and Shasta Counties, will present on bacterial blast in almonds. Learn about risk factors, prevention, identification and outcomes.

## ROUND TABLE

After the bacterial blast presentation, we'll open the floor to discuss issues and concerns from the field for all tree crops. Bring your questions, observations, photos and more for an open forum of growers, PCAs, industry members and farm advisors.
